

Acme Corp · Annual Performance Report 2024

Confidential · Prepared by the Office of the CFO

This report summarises Acme Corp's financial and operational performance for the fiscal year ending December 31, 2024. Revenue grew 34% year-over-year, driven by strong enterprise sales and the successful launch of the Acme Cloud Platform in Q2.

Operating costs increased by 18% due to headcount expansion and infrastructure investment, resulting in an EBITDA margin improvement from 14.2% to 19.7%.

Key highlights:

- Total revenue: \$23.5M (+34% YoY)
- Gross margin: 68.4% (+3.1 pp)
- EBITDA: \$4.6M (+87% YoY)
- Headcount: 312 FTEs (+41 net new hires)
- Customer NPS: 72 (+8 points)

The following pages contain detailed quarterly breakdowns, operational cost analysis, and forward-looking guidance for FY2025.
